

SewerFlex

This is to inform you that SewerFlex PE pipe series complying to QUU and PIPA colour coding requirements with third party certificate as per WSAA Appraisal will be listed in QUU's Accepted Products and Materials List, for our gravity and pressure sewer systems.

The Accepted Products and Materials List will be part of the future SEQ D&C Code.

You may use this email as an evidence of the approval before the list is published.

Contact us if there are any issues re this approval.
