

APPROVAL NO: 200931	APPROVAL DATE: 16/10/09	APPROVAL VALID UNTIL: 15/10/12	FILE NO: 2009/11544F
----------------------------	--------------------------------	---------------------------------------	-----------------------------

COMPANY:	Poly Pipe Pty Ltd
ADDRESS:	379 Awaba Road, Toronto NSW 2283
CONTACT NAME:	Mr Robert Hadley

PRODUCT DESCRIPTION:	Polyethylene (PE) pressure pipe
PRODUCT SPECIFICATIONS:	AS/NZS 4130 / WSA PS 207
APPROVED APPLICATION:	Pressure pipes conveying drinking water, recycled water or sewage
WSAA APPRAISAL NO:	PA 0812

<p>Conditions of Approval:</p> <p>1. Continuation of JASANZ accredited 3rd party product certification to AS/NZS 4130.</p>
--

Notes:

- 1 This approval:
 - may be withdrawn or modified at any time;
 - applies only to products manufactured to AS/NZS 4130 under cover of a JASANZ accredited 3rd party product certification licence;
 - does not apply to plumbing products regulated by the National Certification of Plumbing and Drainage Products Scheme.
- 2 The purchaser is expected to nominate functional requirement (i.e. drinking water, recycled water, sewerage). Poly Pipe Pty Ltd is expected to supply pipe that is coloured and marked as specified by the product specification for the nominated function.
